16 May 2018

To all people associated with Knox Church Dunedin

We are inviting all the people of Knox to help us pay our way this financial year. To achieve our target we need to give beyond the present pattern an extra \$8,000 by 30 June 2018. Beyond that extra amount, we need a further \$12,000 if we are to break even.

We thank you for the generous giving that has enabled Knox to get this far.

Knox has a positive future. Earlier this year we stated the direction to which we believe God was calling us over the next three years. You can see the Knox Plan on the website at [www.knoxchurch.net](http://www.knoxchurch.net). From that we developed a plan for 2018 that attended to education, worship, outreach, pastoral care and financial and property management. Fortunately we do not have to do more to strengthen the Knox buildings against earthquakes.

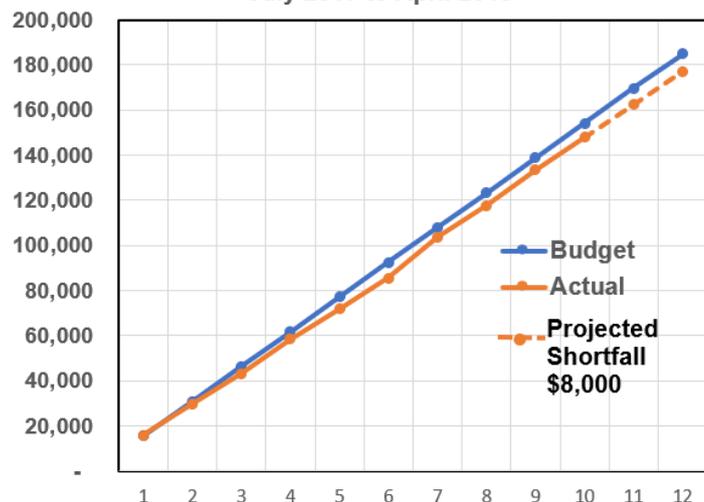

We have continued to welcome many new people who have chosen to become part of our ongoing life. At Sunday worship there is a mix of ages and cultures. We have reached towards our neighbours in George Street and the University.

As a result of this liveliness we have maintained a good level of giving but we are falling a little short as shown in this graph:

We invite you to help, if you can, to bridge the gap. We believe that with prayer, continuing participation and generosity, we can enter into a new financial year in a healthy frame.

Many find automatic payment the best way to give. If you would like to give by automatic payment or by some other regular means, please contact Helen Thew at [r.h.thew@xtra.co.nz](mailto:r.h.thew@xtra.co.nz) or phone 4712147 or speak with Helen at worship.

**Knox Cumulative Monthly Giving  
July 2017 to April 2018**
